

VIP-Shortening claw VV-22 with safety bolt

Artikel-Nr: 7994855

After decades of success, the RUD shortening claw has been further enhanced with the successful safety bolt from the Multi - shortening - claw VMVK series . VIP-Shortening claw is marked by the RUD-ID-TAG® (RFID chip) and with the clear identification number distinguished.

Manufactured in compliance with DIN 5692. A robust safety bolt with a spring prevents the accidental loosening of the fitted chain in both loaded and unloaded conditions. The ideal link shaped chain pocket provides an optimal fitting for the chain thus no reduction of the WLL. Complete with a pre - assembled connecting bolt and tensioning sleeve.
